

100-Day Parts & Labour Warranty

Sydney Stone takes immense pride in the high level of machine reconditioning performed by our talented team of factory-trained technicians and offers a standard 100-Day Parts & Labour Warranty on all of its reconditioned equipment.

Purchasing used equipment can be an excellent way to save money over purchasing new, but how can you be sure that your new piece of equipment is going to be a solid investment in the future of your business? Our highly-skilled service staff restores all of our reconditioned equipment to factory tolerances, supplies all tools and manuals that would have been included when it was sold as new, and completes thorough testing and pre-delivery inspections on every machine. We're focused on providing you with the best equipment so that you can focus on your core business.

Sydney Stone's 100-Day Parts & Labour Warranty includes:

100% DISCOUNT ON PARTS FOR 100 DAYS AFTER INSTALLATION
